Allgemein

How can I check the quota in my webspace plan and how can I increase it (if neccessary)?

To check how much quota is available, please proceed as follows:

- 1. Login into the customer panel with your customer data and your password
- 2. Choose the affected webspace contract under the menu "Contracts"
- 3. Choose the menu "FTP-Accounts" in the left menu
- 4. In the "Features" table you will see the maximum amount of quota (*max*) available in the webspace plan as well as the currently used amount (*used*).

If the used Quota exceeds the available quota we recommend a fee-based plan upgrade. A manual for upgrading a plan can be found here: <u>Performing a plan upgrade</u>. Unique solution ID: #1573 Author: EUserv Kundensupport Last update: 2014-03-31 16:26
