BackupHD

Which hints are important for data-backup on "Synology NAS" with RSYNC?

During setup of databackup from a "Synology NAS" to EUserv's BackupHD you have to fill out field "backupmodule". It is important to repeat inside this module the username to etablish a successful connection to BackupHD.

(many thanks to our <u>community-user</u> for this hint!) Unique solution ID: #1486 Author: EUserv Support Last update: 2013-01-05 19:22
