Co-Domain

How can I use the extra domains (co-domains) included in my contract ?

In order to add co-domains to your webspace contract proceed as follows:

1. Log in to the customer center with your eMail address and your password.
2. Select the the respective contract.
3. Select the option "Domains" in the left menu.

Here you find the maximum number of domains you can register as well as the already registered domains. You can also register further domains for your contract here.
