How do I set up my eMail account under Eudora Mail ?

Eudora Mail

After starting Eudora for the first time the **Wizard** for the E-Mail account opens up.

Please click the "**Weiter**" button.

Please click the "**Weiter**" button.

Sonstige

Please enter your username and click the "**Weiter**" button.

Sonstige

Please enter your E-Mail address and click the "**Weiter**" button.

The screenshot shows a window titled "New Account Wizard" with a close button (X) in the top right corner. On the left side, there is a vertical banner with the "EUDORA" logo at the top, "Email Account Setup" in the middle, and the "QUALCOMM" logo at the bottom. The main area of the window is titled "Email Address" and contains the following text: "Please enter your email address which has been assigned to you by your Internet Service Provider. This address will be the address other people use to send email to you." Below this text is a text input field labeled "Email Address:" containing the text "ihreemail@adresse.de". Underneath the input field is a small example text: "(e.g. --> cjones@isp.com)". At the bottom of the window, there are four buttons: "< Zurück", "Weiter >", "Abbrechen", and "Hilfe".

Please enter your login name and click "**Weiter**".

Sonstige

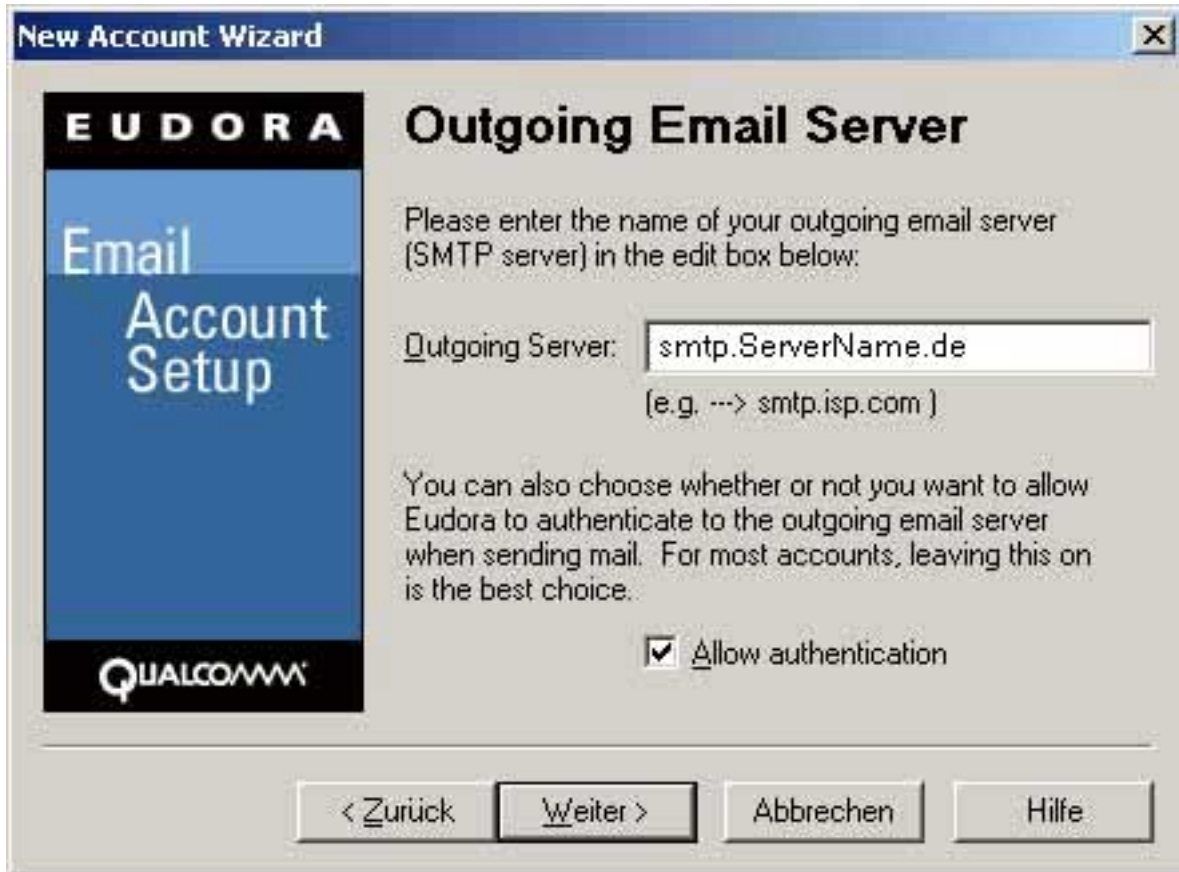

The screenshot shows the 'New Account Wizard' dialog box for Eudora. The title bar reads 'New Account Wizard'. On the left, there is a vertical sidebar with the EUDORA logo at the top, 'Email Account Setup' in the middle, and the QUALCOMM logo at the bottom. The main area is titled 'Login Name'. Below the title, it says: 'In the edit box below, please enter the name you will use to log into this account.' There is a text input field containing 'Benutzername' with a cursor at the end. Below the field, it says '(e.g. --> cjones)'. At the bottom of the dialog, there are four buttons: '< Zurück', 'Weiter >', 'Abbrechen', and 'Hilfe'.

Please enter your incoming mail server "pop3.ServerName.de" and click the **"Weiter"** button.

The screenshot shows the 'New Account Wizard' dialog box for Eudora, now on the 'Incoming Email Server' step. The title bar reads 'New Account Wizard'. The sidebar on the left is identical to the previous step. The main area is titled 'Incoming Email Server'. Below the title, it says: 'In the edit box below please type in the full name of your incoming mail server.' There is a text input field containing 'pop3.ServerName.de' with a cursor at the end. Below the field, it says '(e.g. --> mail.isp.com)'. Below this, it says: 'Please choose the type of server you are using. You can always change this later.' There are two radio button options: 'POP' (which is selected) and 'IMAP'. At the bottom of the dialog, there are four buttons: '< Zurück', 'Weiter >', 'Abbrechen', and 'Hilfe'.
