Why can't I delete Emails?

If Emails can't be deleted probably the Quota is exceeded. Please learn here what „Quota“ means:

<http://faq.euserv.com/content/17/308/en/what-does-%E2%80%9Equota%E2%80%9C-mean.html>

How can I determine if Quota is exceeded?

- Log in to EUser customer panel
- Choose 'Select' on the right side next to the concerning contract
- Click 'Email-Accounts' in the menu 'Email'
- Choose the concerning Email-Account in the table 'Bisher angelegte Email-Accounts:'
- Check if in column 'Quota (used/max)' the upper value (used) is higher or equal the lower value (max.).

In this case the Quota is exceeded

How can I solve the problem?

Option 1:

Increase the Quota. The following Wiki instructions will help you:

OR

Option 2:

Delete Emails via EUser WebMail-Service until Quota falls below the corresponding value. Get more information here:
