

Configuration email

How do I set up my eMail account on my iPhone ?

When setting up the mail wizard on the iPhone you will have to add an account first ... Tap on "Other"

and then on **Add Mail Account**.

Configuration email

Now enter your account information and tap on the "**Save**" button.

Thereby you can specify an eMail name and a description of your mail account.

Configuration email

Now you have to provide additional information that are required for creating the account. It's important that "**IMAP**" is selected as protocoll.

Specify the EUserV server data for your incoming eMails.

The hostname is ***imap.euserv.de***. Enter your **username** and your **password**.

Configuration email

The screenshot shows the 'Neuer Account' (New Account) setup screen on an iPhone. At the top, there are buttons for 'Abbrechen' (Cancel), 'Neuer Account', and 'Weiter' (Next). Below this, there are two tabs: 'IMAP' (selected) and 'POP'. The form contains the following fields:

- Name:** Max Mustermann
- E-Mail:** tutorial@[redacted]
- Beschreibung:** Tutorial
- Server für eintreffende E-Mails:**
 - Hostname:** imap.euserv.de
 - Benutzername:** pop [redacted]
 - Kennwort:** [redacted]

Finally specify the hostname for the server responsible for the outgoing eMails (***smtp.euserv.de***).

Configuration email

The screenshot shows the 'Neuer Account' (New Account) configuration screen on an iPhone. At the top, there are buttons for 'Abbrechen' (Cancel), 'Neuer Account', and 'Weiter' (Next). The screen is divided into two main sections: 'Server für eintreffende E-Mails' (Incoming Mail Server) and 'Server für ausgehende E-Mails' (Outgoing Mail Server).
Under 'Server für eintreffende E-Mails':
- 'Beschreibung' (Description): Tutorial
- 'Hostname': imap.euserv.de
- 'Benutzername' (Username): pop [redacted]
- 'Kennwort' (Password): [masked with dots]
Under 'Server für ausgehende E-Mails':
- 'Hostname': smtp.euserv.de
- 'Benutzername' (Username): Optional
- 'Kennwort' (Password): Optional

Now you can use "Mail" and send/receive your eMails at EUserv.

How can I create new folders (mail boxes) with "Mail"?

Therefore choose "Settings" on your home screen and select „Mail, Contacts, Calendars“.

Configuration email

Tap on your mail account here

Configuration email

and then on your user account.

Configuration email

Now tap on "Advanced".

Configuration email

Now enter **INBOX** under "**IMAP Path Prefix**" and save this setting.

Configuration email

Go to your inbox and tap on "Edit" and

Configuration email

finally tap on "New Inbox".

Configuration email

Give this folder resp. mail box a name and save it.

Configuration email

Now you created a new mail box.
